General Setup Instructions

- Read entire setup instruction manual prior to unpacking parts and pieces.

- The setup instructions are created specifically for this configuration.

- Setup instructions are laid out sequentially in steps, including exploded views with detailed explanation for assembly.

Cleaning & Packing

- For Cleaning Metal, Plex, & Laminate Parts: Use a **MILD NON-ABRASIVE** cleanser and soft cloth/paper towel to clean all surfaces.

- Keep exhibit components away from heat and prolonged sun exposure. **Heat and UV exposure will warp and fade components.**

- Retain all provided Packing Materials. All provided packing materials are for ease of repacking & component protection.
Disassembly

- For loss prevention, tighten all set screws and locks during disassembly.

ĀERO

Steps:
1) Connect canopy pieces together as shown.
2) Apply pillow case graphic to assembled canopy

Using Your Setup Instructions
The Aero Setup Instructions are created specifically for your configuration. The instructions include an exploded view of the frame which is sequentially labeled. We encourage you to review the instructions before attempting to assemble your exhibit.
Connections are kept very simple; no tools required. Everything assembles with push-button connectors.

Cleaning and Packing Your Display
1) Use care when cleaning aluminum extrusion or acrylic inserts. Use only non-abrasive cleaners.
2) Retain all packing material. It will make re-packing much easier and will reduce the likelihood of shipping damage.
Numbered Label

Push-Button

Connections are made by holding the button down and sliding the red tube into opposing tube until button locks into the hole of the opposing tube. To disassemble, push button and pull or twist extrusions apart.
Push-Button

Push button then rotate for packing purposes

Push-Button
Setup Instructions:
1) Attach pins at bottom interior of side panels. *Note: Pins are designed to be slightly angled.*
2) Use screw caps to secure the side panels to front panel and back panels, making sure Velcro is facing inward.
3) Slide floor into the bottom of assembled pedestal base. The floor will sit on pins of the side panels.
4) Connect shelf supports to Velcro on panels, then place shelf on top of supports.
5) Attach pedestal top to assembled pedestal base. See Pedestal Top Attachment detail.
